**Kit includes:
6 soil pellets, 3 wooden stakes,
3 sets of seeds.**

Instructions:

Remove cover and place underneath egg carton
Place 1 pellet in each egg holder and add 2 tablespoons
of water, wait for 10-15 minutes for the pellets to expand.
Next, stir the soil and press 3-4 individual seeds about
 $\frac{1}{4}$ " deep, pinch soil to cover seeds and water again
very lightly. Water daily or as needed to maintain
a moist but not soaking wet environment.
Place a way from air-conditioners or cold.
