

How to Make Your Cake

CONTENTS
 baking case, mixing spoon, water measure, cake mix, frosting, sprinkles

STEPS

- Pop open baking case and empty contents of cake mix into baking case.
- Fold your water measure by pinching the ends and holding tightly. Fill with water and add mixing spoon to ensure all dry mix, even in the corners, is combined.
- Bake in microwave for 60 seconds on high or until cake surface is dry. If more cooking is required, **Caution: may be hot!** Allow to cool for 5 minutes. **Cooking based on a 900W microwave. Cooking times may vary.*
- Cut or tear off the corner on frosting package and squeeze. Spread smoothly.
- Add sprinkles.
